SoloCare and SimpleCare Members have received and will continue to receive letters about a free benefit, an in-home health assessment exam provided by an EpiSource nurse or physician's assistant. EpiSource, the company performing this wellness benefit on behalf of Alliant, is calling members to schedule the in-home appointment. EpiSource providers are contracted and credentialed to be considered in-network providers. RENEWAL INFORMATION FOR GROUPS WITH TRANSITIONAL PLANS

You may keep your transitional plan until December 31, 2018.

As you think about options for your clients, here are some things to keep in mind. If your client chooses to renew their current policy, it may NOT provide all the protections of the Affordable Care Act. These include one or more of the following new protections of the Public Health Service Act (PHS Act) that were added by the health care law and took effect for coverage beginning in 2014. If your client chooses to renew their current policy, their coverage:

- May not meet standards for fair health insurance premiums, so you might be charged more based on factors such as gender or a pre-existing medical condition, and it might not comply with rules limiting the ability to charge older people more than younger people (PHS Act section 2701).
- May not meet standards for guaranteed availability, so it might exclude consumers based on factors such as a pre-existing medical condition (PHS Act section 2702).
- May not meet standards for guaranteed renewability (PHS Act section 2703).
- May not meet standards for non-discrimination with respect to health care providers (PHS Act section 2706).
- May not cover essential health benefits or limit annual out-of-pocket spending, so it might not cover benefits such as prescription drugs or maternity care or might have unlimited cost sharing (PHS Act section 2707).
