

What is a Retroactive Denial of a Claim?

Definition:

A retroactive denial is the reversal of a previously paid claim, through which a member becomes responsible for payment.

Q: Can a claim for services be retroactively denied?

A: Yes.

Q: What can a member do to prevent claims from being retroactively denied?

A: A member can:

- Pay his/her SoloCare (Individual/Family) plan premiums on time, every month;
- Confirm your provider has obtained pre-certification for applicable medical services before your appointment/procedure. Your provider will be assigned a pre-certification reference number for the medical service they are requesting to perform. Your provider should contact Utilization Management (UM) at 1-800-865-5922, or see the back of your ID card for this contact information.
- Inform Alliant of any other coverage. If it is determined the member has another insurance that is primary to Alliant, the claims will be retro denied and the member may be responsible.
- Contact Alliant's customer service prior to any service to confirm it is a covered benefit. If a benefit is determined to be non-covered per the COC list of exclusions, the service will be retro denied and the member may be responsible.
