

## **Alliant Health Plans Provider Directory**

### **PLEASE NOTE:**

This directory includes all providers in the Alliant Health Plans Network but may change from time to time. The directory is updated on a daily basis and every effort has been made to ensure the accuracy of this information. Alliant verifies provider information, including education, licenses, insurance and training prior to entry into the network and no later than every 3 years during recredentialing. Facility/hospital information is also verified prior to entry into the network and includes verification of licenses, accreditation, and insurance information. Alliant does not utilize specific quality measures, member experience measures or cost-related measures to select providers or facilities/hospitals for network participation. Our network is built to ensure we have providers within reasonable access to our members.

Alliant evaluates how far you may have to travel to see a provider or hospital and number of hospitals or doctors in your area. Providers included in this directory are independent and NOT employees or representatives of Health One Alliance or Alliant Health Plans. We are aware that providers' information and participation status change regularly. Therefore, we recommend that members contact the provider's office to verify their participation status and availability prior to receiving services.

Alliant Health Plans shall not be liable for any losses, damages, or uncovered charges as a result of using this provider locator Website or receiving care from a provider listed in this site. If you have additional questions regarding a provider's participation, please contact Alliant Health Plans Client Services at 866-406-2785. Please be aware that not all physicians and providers at contracted facilities (hospital, ambulatory surgical center, etc.) may be in-network. If you receive health care services at or through an in-network facility and the physicians or providers who provided that care are not in-network with your plan, the services may be denied or paid at the out-of-network level. In those cases, you may be responsible for payment of all or part of the fees for those services. In these situations, the facility or out-of-network physician or provider can choose to bill you for the balance not paid by Alliant for out-of-network services.
