Important Questions	Answers	Why This Matters:
What is the overall deductible?	In Network: \$1,000/Individual, \$3,000/Family Out of Network: \$3,000/Individual, \$9,000/Family	You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the deductible .
Are there services covered before you meet your deductible?	Yes. Preventive care/screening /immunization. Additional details included per service category elsewhere in this SBC.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet a deductible for specific services.
What is the out-of-pocket limit for this plan?	In Network: \$4,000/Individual, \$12,000/Family Out of Network: \$12,000/Individual, \$36,000/Family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limit until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums , balance-billing charges (unless balance billing is prohibited), and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. See www.alliantplans.com or call 1-800-811- 4793 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider , in the plan's network. You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider , for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider , before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
