

# Brand Wise

## Minimum Value Brand (MVB) Listing

Effective July 1, 2023

As drug prices continue to rise in the healthcare market, we pride ourselves in finding new and innovative ways for our clients and members to save! We’ve found that when it comes to branded medications, some of these medications are priced at a premium with minimal clinical advantage. Not to mention, in most cases, a lower-cost alternative is available.

Magellan Rx Management has designed the Minimum Value Brand (MVB) program to give our customers and members the option to save with less expensive medications. With MVB, high-cost branded drugs that provide minimal clinical value are identified by Magellan Rx to allow clients to exclude from their benefit.

### MVB Drug Listing

LABEL NAME	ALTERNATIVES	
ACANYA GEL PUMP	CLINDAMYCIN PHOSPHATE-BENZOYL PEROXIDE GEL	CLINDAMYCIN PHOSPHATE LOTION
ACCOLATE 10 MG TABLET	ZAFIRLUKAST
